Make This and Try It for Coughs

This Home-Made Remedy has no Equal for Prompt Results.

Mix one pint of granulated sugar with 1/2 pint of warm water and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents worth) in a pint bottle; then add the Sugar Syrup. Take a teaspoonful every one, two or three hours.

This simple remedy takes hold of a cough more quickly than anything else you ever used. Usually conquers an ordinary cough inside of 24 hours. Splendid for whooping cough, spasmodic croup and bronchitis. It stimulates the appetite and is slightly laxative, which helps end a cough.

This makes more and better cough syrup than you could buy ready made for \$2.50. It keeps perfectly and tastes pleasant.

Pinex is a most valuable concentrated compound of Norway white pine extract, and is rich in guaiac and other natural pine elements which are so healing to the membranes. Other preparations will not work in this plan.

Making cough syrup with Pinex and sugar syrup (or strained honey) has proven so popular throughout the United States and Canada that it is often imitated. But the old, successful mixture has never been equalled.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

INCREASE YOUR WEIGHT TO MATCH YOUR HEIGHT

Thin, emaciated people, who are not as heavy as one of their height should be, should take Reckitt's Olive Oil Emulsion, the ideal nerve and body builder. Being under weight almost always means that one's health is not good, that some part of the system is not doing its work well—that the nerves and blood are not in healthy, vigorous shape themselves to properly direct and nourish the bodily organs causing the trouble.

Reckitt's Olive Oil Emulsion builds weight, because it furnishes ingredients necessary to nourish and rebuild the wasting tissues, to replenish the blood, to make the nerves strong and well. It is a real medicine—not an alcoholic beverage, as many so-called "tonics" are. The latter only stimulate, instead of feeding and strengthening the system, and leave you worse off than before.

You who are underweight, tired-out, run-down, nervous, easily exhausted, and have been vainly pouring yourself with "remedies" that have done you no lasting good, take Reckitt's Olive Oil Emulsion. In a few days you will begin to feel better, and after a few weeks will feel like a new person. We will gladly give you back your money. There is no alcohol, nor any dangerous or habit-forming drugs in Reckitt's Olive Oil Emulsion. It is a strength and weight and health-building medicine—not a dope. For the emaciated and debilitated—the convalescing—growing children—aged people—it is a sensible aid to renewed strength, better spirits, glowing health.

Reckitt's Olive Oil Emulsion—king of the celebrated Reckitt's Remedies—is for freedom from sickness of you and your family. Pleasant-tasting—unlike the cod liver oil preparations—you'll be as enthusiastic about it as we are when you have noted its strengthening, invigorating, building-up, disease-preventing effects. If it does not help you your money will be given back to you without argument. Sold in this community only at our store—The Reckitt Store—one of more than 7,000 leading drug stores in the United States, Canada and Great Britain—Kellie & Folland, Peoples Drug Store, 327 San Antonio St., El Paso, Tex.—Advertisement.
